

ZONK

For use in drains, traps and waste lines

What is Zonk?

Zonk is a fast acting solution which removes heavy duty scaling and uric crystals. Zonk has a fresh apple scent to overcome problems with odour.

How does Zonk work?

Zonk's strong acidic base quickly breaks down limescale deposits and uric crystals anywhere to ensure drain runs are kept clean.

How do you use Zonk?

For heavy duty descaling, apply the neat liquid to the affected areas. Immediately clean the liquid off delicate surfaces, rinse with warm water.

For uric crystals and drain maintenance: apply Zonk into the drain run on a weekly basis for best results. **Always read instructions carefully before use.**

Key Features and Benefits of Zonk

- Use Zonk as a rapid de-scaler for:
drains
traps
- Removes uric crystals.
- Highly concentrated and can be diluted with water up to 10 parts.
- Use regularly to maintain scale free drainage systems and traps.
- Pleasant Apple scent.

Zonk is recommended for use with:

Powerfoam: An environmentally friendly sanitary detergent that removes dirt, mineral deposits, uric acid, soap and scum.

Triple blue: Is a deep blue coloured viscous liquid for cleaning and descaling sanitary ware that also incorporates a powerful re-odouriser.

ReOdouriser: A powerful reodouriser in a range of different scents that uses modern day technology to get rid of smells quickly.
