

Multi Wash

A very powerful multi-purpose cleaner

A very powerful cleaner for removing mould, lichen and fungi from any surface.

What is Multi Wash?

Multi Wash has been specifically designed to make the removal of mould, fungus, lichen and other discolorations from nearly any surface. It leaves a clean, smooth surface that is perfect for painting, or simply to remove stains on grout, tile and walls.

How does Multi Wash Work?

Multi Wash is specially formulated from the safest and most powerful fungicides and other cleaning agents to make removing mould, fungus and even lichen from any surface easy, whether they be sinks, shower rooms, walls, swimming pools or even roofs and outdoor surfaces.

Key Features and Benefits of Multi Clean?

Easy to use – no rinsing required
Concentrated – can be used heavily diluted or at high concentrations for difficult patches
 Safe – completely non-flammable and safe to use even near open flame
Versatile – perfect for cleaning indoor and outdoor surfaces with ease
 Green – Multi Clean is completely biodegradable, and can be washed into drains
No residue – Multi Wash is water based and completely water soluble

Technical Information

Multi Wash is best used after removing the bulk of mould or fungus growth with a wire brush or scraper. Dilute 3:1 with water, apply to the stained surface and agitate vigorously with a stiff brush. For best results, leave the surface for at least 15 minutes before rinsing with water. A second application may be needed for particularly difficult or extensively contaminated areas.

For your protection, always read the MSDS sheet for Multi Wash before use and follow it closely.
