

BIOZORB

A disinfectant powder for absorbing body spillage safely

What is Biozorb?

Contact with body fluids can be highly dangerous due to the risk of communicable diseases such as HIV, Hepatitis B, Hepatitis C and Tuberculosis. Biozorb is a fast-acting gelling agent and disinfectant that provides a safe way to remove and dispose of body fluids. Biozorb provides a safe and effective way to dispose of body fluids as well as important peace of mind for public and employees. Biozorb is essential for areas open to the public or where risk of contact with body fluids is high.

How does Biozorb work?

Biozorb contains a gelling agent which works immediately to encapsulate and solidify fluids, enabling them to be swept away safely. This gelling process happens rapidly and allows cleaning to take place immediately, effectively lowering the risk from potentially hazardous body fluids. Biozorb also contains a strong disinfectant for a further level of protection while disposal takes place.

Key Features and Benefits of Biozorb

- Protects against the risk of contact with potentially hazardous bodily fluids.
- Rapidly acts to solidify fluids enabling them to be removed safely.
- Contains strong disinfectant to neutralise hazardous bacteria.
- Works on all body fluids including blood, urine, mucous and saliva.
- Peace of mind for those tasked with the disposal of body fluids.
- Ideal for use in commercial and institutional premises such as shopping centres, stadiums, pubs, public transport and police stations.

How to get the best results

It is important to prevent physical contact with body fluids in a public place. Therefore, quickly create a barrier to accidental contact and then cover the body fluid with the Biozorb powder and wait for the fluid to solidify. Then carefully sweep up the solidified waste for suitable disposal.

Product Information

Biozorb comes in fast-acting powder form. Always ensure that precautionary measures found in the MSDS sheet for Biozorb are read and followed before use.

IMG Distributors Riverside Ind. Estate, Fazeley, Tamworth, Staffordshire B78 3RW.
