

ENVIRO SCALE

Combat lime scale and banish nasty odours – fast!

What is Enviro Scale?

Enviro Scale is a lime scale busting, odour neutralising ceramic and bathroom cleaner, which is perfect for use where lime scale builds up and nasty odours need to be banished.

Why Enviro Scale?

Enviro Scale's super strength formula removes stubborn areas of lime scale build up, making it ideal for hard water areas. Pleasantly perfumed, Enviro Scale neutralises odours at their source and leaves a fresh, clean toilet.

Key features

- Quick and safe to use
- Suitable for use on all toilet bowls, urinals, stainless steel and chrome fittings
- Biodegradable with minimum environmental impact
- Safe to the skin
- Fresh fragrance – neutralises odours at source
- Breaks down lime scale and removes stubborn stains

How to use

Cleaning lime scale from hard surfaces

Spray area to be cleaned and agitate with a micro fibre cloth, rinse with water and wipe away.

Cleaning lime scale from toilets

Spray Enviro Scale into the toilet basin in 4 areas above the water line, spread over surface with a toilet mop, dip mop into the basin below the water line and clean. Flush toilet to rinse the mop. This process is only required once a week as the toilet will remain cleaner for longer.

Cleaning lime scale from shower screens

Spray Enviro Scale to the shower screen and hinges, agitate with a microfibre cloth, rinse and wipe clean.

Cleaning lime scale from baths

Spray Enviro Scale around bath and on taps, agitate with a micro fibre cloth, rinse and wipe clean.

Cleaning lime scale from kitchen areas

Spray Enviro Scale to the appliances and taps, agitate with a micro fibre cloth, rinse and wipe dry.

Do

Do test surfaces with Enviro Scale to check compatibility

Don't

Don't use on food preparation surfaces

Don't use on marble

Don't mix with other cleaning brands as this may affect performance

Health and safety

Before using this product, please ensure that you have read the Material Safety Data Sheet.

Environment

We care about the environment; please reuse the trigger bottle with Enviro Scale solution or recycle after use.
